RISK MANAGEMENT POLICY

Port Lincoln Children's Centre is committed to ensuring that all children, staff, parents and visitors are safe while on any PLCC worksite.

Recognising risks is inherent in all activities and it is the aim of this policy to ensure risks are managed in a pro active manner

All parties will be made aware of their roles, responsibilities and duties.

By developing and managing policy and procedure in a range of areas we can ensure so far as is reasonably practicable;

- the effective management of risks
- better quality and service delivery
- conformation to legal objectives
- quality decision making practice
- protection of assets

A range of tools may be utilised to determine risk however the Risk Score Calculator graph model is preferred.
